

Joyful in Hope – 78 – June 18, 2020
(thoughts and ideas to encourage and challenge)

“Be joyful in hope, patient in affliction, faithful in prayer.”
Romans 12:12

Prayers, Please – Here are some updates and new prayer requests from the Heritage Prayers Zoom Meeting last night:

Kim Morgan is having a procedure today to seal the spinal fluid leak. It is a simple procedure but only has a 50% chance of working. Pray that it works.

Sharyn Underwood is in the hospital with some heart and kidney issues, but is getting stronger. No visitors please, but prayers are much appreciated.

Tim Brimer will undergo exploratory brain surgery on Monday. They are still searching for the cause of Tim’s problems.

Phuong is doing well with her treatment, and her numbers are improving. Pray that her liver will begin to regenerate.

Continue to pray for the Tobin family in the loss of Anne’s father. Anne is Maralee’s friend.

Maralee’s former coworker, Lorna, is recovering from CoVid 19.

Kristi, a neighbor of the Achards, has multiple myeloma.

Kylie Lock is scheduled for follow up scans on August 3, and a visit with the oncologist on the 7th to discuss results. Pray that all goes well.

Sharon Awbrey reports that she was able to reconnect with her brother, and they enjoyed a nice visit.

Please continue to pray for those suffering from CoVid 19, those who have lost loved ones, and for everyone everywhere as the world begins to “open up”, and as we learn how to live with change.

Pray for the regathering of Heritage this Sunday.

Pray that we will all act justly, love mercy, and walk humbly with our God.
